V	Certification.	3,2	96	-		2
	Total:	76,8	2304			48
	Total	230,4	6912	48	48	48

.

4

holidays
Weekly load: 36 hours (astronomical) = 48 hours (academic) = 1.6 credits

Note:

Certification. Interim certification is carried out after each semester and always after each year of study. Final state certification - an assessment of the theoretical and professional knowledge of a specialist, an assessment of his practical skills is carried out by a special commission (SAC)

Note: The distribution by type of training of the total hours of the educational program for 1 year of residency training in the section "General practice" is described in detail in the work program of postgraduate training of the KSMA in the section of general medical practice for clinical residents of all narrow specialties.

The distribution by type of training of the total hours of the educational program of postgraduate education is: class work - 10%, clinical practice - 90% (including a training simulation course - 1 week).

The maximum student workload is set 48 hours a week, including all types of classroom and extracurricular activities.
